	Cubing	6 units	6 units
	Approx. Weight	1 434 lbs	650 kg
	Number of rows	6	

NOTES

See page 6 for icons description.

COMPATIBLE WALLS

See page 246 for product compatibility.

Techo-Bloc always recommends gluing the caps with concrete adhesive to ensure stability and safety.

To achieve a natural appearance, stone dimension can vary up to ¼". Metric measures are approximate.

*For an authentic look, each color option is composed of a variety of darker & lighter tones. Natural ingredients such as granite are present within the recipe to allow for a range in tones, veining and textures from one stone to another.

Please note that for barefoot walking areas (e.g. pool deck) dark-colored paving units could get very hot under the sun.
