

# MAYA

**DESCRIPTION:** Slab **TEXTURE:** Natural stone (Slate)

## PALLET OVERVIEW

## NOTES

Palletized upright.

It is preferable to lay the stones in a random configuration.

Each pallet contains a variation of four different shapes.

\*For an authentic look, each color option is composed of a variety of darker & lighter tones. Natural ingredients such as granite are present within the recipe to allow for a range in tones, veining and textures from one stone to another.

In order to obtain a more realistic appearance to natural stone, wet cast (Stonedge collection) slabs are intended to have a slightly larger variance in their dimensions than dry cast slabs. See Notes for dimensional tolerances on page 17.

See page 17 to 20 for more technical information.

Specifications per pallet	Imperial	Metric
Cubing	<b>17 units</b>	17 units
Approx. Weight per pallet	1 695 lbs	769 kg
Approx. Weight by unit	89 lbs	41 kg
